AMANDA AZZOPARDI ANP/INP

THE CLINIC HAS BEEN TRANSFORMED

BRAND NEW LOOK

2024 is the year of growth at
Amanda Azzopardi Aesthetics...

After a successful year, Amanda Azzopardi Aesthetics are excited to welcome a host of exciting additions, welcoming many new clients to start their own journey that creates true confidence from within. The Liverpool clinic faced a stunning transformation in conjunction with an iconic re-brand to better showcase their vision and seamless experience of the treatment process. This has also transpired across their London and Buckley locations.

This year brings an influx of new treatments, one of which being the SLIMYONIK® Air Bodystyler – a compression therapy suit, which stimulates lymphatic drainage to deliver a range of health benefits, such as boosting metabolism and balancing hormones. This therapeutic procedure will leave you feeling rejuvenated from both outside and within, aligning with their core values.

They have also introduced the Gelida Arctic-Cryo 2i, a new cutting-edge technology that provides remarkable fat-freezing results and includes extra programmes for pain management and skin concerns. This

can treat a range of areas, from stubborn fat and cellulite to eczema and acne.

Amanda also offers fantastic skin treatments, whether you are struggling with particular skin concerns or wish to retain a youthful glow. Following an in-depth complimentary consultation utilising their OBSERV 520x skin scanner, Amanda can prescribe you medical-grade skincare via GetHarley, an online portal that delivers direct to your door. This revitalised skincare routine can be used alongside innovative skin treatments they offer, such as Carbon Peel or LaseMD Ultra.

Another popular treatment is thread lifts, aiming to lift and tighten the skin to restore your youthful appearance. This focuses on predominant areas that show early signs of ageing – eyes, cheeks and jowls. Following the procedure, you will notice an immediate lift in the treated area, creating a subtle yet impactful look.

Amanda specialises in intimate health, acting as a pioneer in the Intimate Rejuvenation treatment that aims to treat multiple intimate concerns. The treatment is completely pain-free with no downtime.

Introducing these treatments and newly developed technologies would not be feasible without Amanda's invaluable expertise and deep commitment to her clients. Amanda is also keen to tailor this to her clientele to best support their journey.

This year, a core theme they wish to pursue is growth. They are committed to continue delivering fantastic support to clients, highlighting that this goes beyond treatments. Amanda is on-hand for any questions you may have, with advice and treatments completely tailored to your needs. Here, growth isn't merely about the outward enhancements they provide, but also the inner journey towards confidence and self-assurance.

Whether it's rejuvenating skincare treatments or making subtle enhancements, they nurture every individual's vision with care and expertise. At their clinics, growth isn't just a concept; it's their ethos. 🌱

Castell Dinas Brân

Castell Dinas Brân is a medieval castle located within the earthworks of an earlier Iron Age hillfort and was probably built in the 1260s by Gruffudd ap Madog, Lord of Powys Fadog.

Its existence as a castle was short-lived as it was burned down by the Welsh at the time of Edward I's campaign, to prevent it being taken by the English, and abandoned in 1282. The site which rises to 1,000 feet (307m) and, for the energetic, there is a path to the top with the reward of a fantastic view over the valley and to the hills beyond.

The ladies ran away from the life they were expected to live in Ireland in 1778 to set up a new life and home in Wales.

The house has been welcoming

The Llangollen History Trail links the fascinating historical landmarks in the area through a 6 mile/9.5 km waymarked walk.

Berwyn Mountains

The Berwyn Mountains stretch all the way from Llangollen in the east, along the Dee Valley, to Bala in the west. The highest peak is that of Cadair Berwyn at 830 metres but there are 24 peaks above 600 metres (2000 feet). They are a haven for wildlife and the moorland tops provide habitats for curlews, merlins and red kites. It is a landscape that both opens up to breathtaking vistas and hides intimate corners. Waterfalls, cliffs, moors, burbling streams and wildflower-dotted fields - the Berwyns have these and more. There are two main walks, the North Berwyn Way and the Dee Valley Way.

centre of Wales as some of Europe's top producers come together at the Llangollen Royal International Pavilion. One of the first and most successful food festivals in Wales, representatives from as far afield as Spain, Poland, Italy and France annually take part, giving the whole event a real European flavour. Developed originally as a showcase for traditional food producers in the counties of Denbighshire and Conwy, the event has grown from one room in the International Pavilion to now filling the whole building and sometimes spreading into Llangollen itself. Over 100 different exhibitors offer everything from organic meats to fruit lacquers, Welsh cheeses, bread, chocolate, fish - anything you can think of, you'll find it at this fantastic culinary event.

Castell Dinas Brân

Rhubarb & ginger nut cheesecake

What could be more cheerful than this vivid pink no-bake cheesecake? Rhubarb and ginger are merry bedfellows and make a stunning springtime dessert.

Ingredients

- 500g forced rhubarb, chopped into 4cm lengths
- 150g caster sugar
- 1 blood orange, zested and juiced
- 1 vanilla pod
- 100g butter, melted, plus extra for the tin
- 200g ginger nut biscuits
- 500g mascarpone or soft cheese
- 100g quark or thick natural yoghurt
- 1 tbsp pistachios, chopped

Method

- 1 Heat oven to 200C/180C fan/gas 6. Line a large baking tray with

baking parchment and fill with the rhubarb. Scatter over the sugar and orange zest and pour over the juice. Scrape the seeds from the vanilla pod in there too, throwing the spent pod on top. Cover with foil and roast for 20 mins. Remove from the oven. Purée a third of the rhubarb, reserving the rest for the top.

- 2 Butter a 20cm springform cake tin and line it with baking parchment. To make the base, put the biscuits in a bag and smash them with a rolling pin, or put them in a food processor and grind to crumbs. Tip into a mixing bowl, and stir in a pinch of sea salt. Pour the butter over the crumbs. Mix it together with a fork and tip it into the tin. Tap the side of the tin with your hand to even the crumbs out, and gently compress it with the back of a large spoon until it's packed in and level. You want it fairly well packed so that it holds together. Put in the fridge to chill.

- 3 To make the filling, put the cheese and quark or yogurt into a mixing bowl, or the bowl of a stand mixer, and beat it together. Mix until combined and thickened, then fold through the rhubarb purée.

- 4 Pile the mixture on top of the biscuit base and smooth it down. Cover with cling film and chill overnight until set. Remove the rhubarb from its syrup with a slotted spoon, tip the syrup into a pan and bring to the boil. Reduce for about 3-5 mins until the syrup is more concentrated. Allow to cool.

- 5 Carefully remove the cheesecake from its tin. Pile the rhubarb on top and drizzle over some syrup (you can save the rest for drizzling over porridge), then scatter with the pistachios to serve.

Cloudy2Clear, A Local Service, Saving You Money.

As a leading domestic glass replacement company for more than 16 years, Cloudy2Clear windows are the leading name in the industry. There is no need for you to risk your windows by using the dreaded double glazing cowboy down the street. You can join over 336,000 happy customers and replace your glass ethically and affordably. If you have a failed glass unit, it may not provide you with the protection you need or be as energy-efficient as it once was. Take a minute to check your home to see if any double glazing has failed? Taking action now can prevent future financial problems.

When talking to the Manager of Cloudy2Clear windows Alan Ball it became clear that these values

have been held dear for a number of years. Since starting the business some years ago Cloudy2Clear have remained true to their core values of supporting the local community by providing a service that saves the public money.

The Cloudy2Clear service only requires the glass to be replaced and not the whole window once the unit has failed. Alan commented "Cloudy2Clear were able to assist our community through the last financial crisis in 2008 due to the savings that can be made in using our service. Unfortunately we might be going through something similar again soon and the public can rest assured that we will be there to help once again".

Spring fashion 2024

High Rise Trousers

It's time to revisit the high-rise. Perfect for everything from officewear to dinners, date night to days out, splash out across your entire trouser repertoire.

Sheer whites

Giving angelic white a sexy twist, there's nothing hotter come spring than a sheer white dress, whether you're heading out for dinner, off to the beach, or - of course - onto a red carpet.

Metallics

Metallics will serve you and your outfits well for months to come as golds and silvers look set to be one of the hottest colour trends of 2024.

If anything's going to warm our spirits during these relentless rainy mornings it's the prospect of all the best spring/summer fashion on the horizon, right?

Sure, layers have been fun, but having to dress practically doesn't always leave a lot of room for creativity and personal expression. After all you could be wearing your best outfit of the year, but what use is it when it's being shrouded in the giant winter coat you've had to wrap yourself up in every day for the last two months?

Masc/fem dressing

For SS24 the skirt is having something of an hyper-feminine update. Ultra mini, super sheer or flowing an elegant, this skirt is an integral part of the aesthetic.

Business casual

This business casual is taking things to the extreme, with super oversized suiting, blazers that fall to the top of your thigh, and maybe even an elasticated waist.

Coming up roses

This trend is strictly all about roses. Endless designers promoted the world's most traditionally romantic stem on their spring/summer runways.

Elevated sportswear

Hooded sweatshirts are now supersize and have taken the place of casual day dresses, zip-up track-tops in monochrome are the perfect pairing piece for your favourite denim.

It happened in April

1970

The most violent game in English football history

On April 29, 1970, Chelsea met Leeds United at Old Trafford in an FA Cup Final replay. The two clubs had 'history', and the first

meeting, played on a Wembley pitch rendered virtually unplayable after hosting the Horse Of The Year Show, was niggly and bad-tempered. That was nothing, however, compared to the re-match three weeks later.

Chelsea's Ron 'Chopper' Harris began proceedings by almost cutting Leeds winger Eddie Gray in half after only two minutes. The match continued in the same vein, with 'dirty' Leeds giving as good as they got, and more besides.

Staggeringly, there was only one booking, for a push on Leeds captain Billy Bremner by Ian Hutchinson.

The game was re-refereed, according to modern interpretations of the rules, by Michael Oliver in 2020, who was forced to concede that he would have handed out 11 red cards.

Chelsea's Ian Hutchinson neatly summed it up: "We hated them and they hated us."

Chelsea, incidentally, won 2-1 after extra-time.

1982 Start of the Falklands War

On April 2, 1982, after several years of failed diplomacy, Argentine forces mounted amphibious landings, known as Operation Rosario, on the Falkland Islands. The invasion started with the landing of Lieutenant Commander Guillermo Sanchez-Sabarots' Amphibious Commandos Group. This was followed by the invasion of South Georgia the next day.

On April 5, the British government dispatched a naval task force to engage the Argentine Navy and Air Force before making an amphibious assault on the islands. The conflict lasted 74 days and ended with an Argentine surrender on 14 June, returning the islands to British control. In total, 649 Argentine military personnel, 255 British military personnel, and three Falkland Islanders were killed during the hostilities.

Some of the best parks to visit in Wrexham, Chester & Flintshire this Spring...

Moss Valley Country Park

Moss Valley Country Park is situated between Gwersyllt and Brynteg, three miles north of Wrexham. The V-shaped valley has woodland with oak and beech trees, as well as two small lakes and areas of open grassland. The valley provides a rich habitat for wildlife and is particularly noted for its birds.

Moss Valley has an industrial past, and was once a major coal mining area. In 1973 the spoil heaps were reclaimed, but amongst the tranquil woodland and meadows, evidence of the old railways can still be found.

Pathways run through the park, often following old tramways and railway lines that were once used to extract the coal and sandstone from the valley. Although the coal mines have long since gone, the small sandstone quarries still exist offering excellent wildlife habitats hidden away amongst the trees.

Alyn Waters Country Park

The largest country park in the Wrexham area; Alyn Waters is situated in the beautiful Alyn Valley and is a Green Flag Award

accredited site. There are a variety of woodland, grassland and riverside walks throughout the park helping you to explore the whole site.

The park is split into two either side of the River Alyn.

The Gwersyllt side offers parking, a visitor centre with café, gift shop and toilets including baby change facilities. The visitor centre also has fully equipped conference and meeting rooms, as well as a

permanent exhibition on the history and wildlife of the park. The Llay side of the park has a large car park, children's playground and a local nature reserve.

The Clwydian Range and Dee Valley

The Clwydian Range and Dee Valley form a dramatic upland frontier in North Wales, with scenic landscapes, dramatic summits and historic towns and villages.

The heather-clad hills of the Clwydian Range that reward the adventurer with ancient hillforts and incredible views give way to the Dee Valley's rich cultural and industrial heritage. The distinctive beauty and significance of this exceptional landscape is protected and enhanced as one of only five Areas of Outstanding Natural Beauty in Wales.

Bellevue Park

Bellevue is a popular traditional park within easy walking distance of the town centre. Visitors can see a splendid formal landscape in the Edwardian style. There are shaded avenues of mature lime trees that extend from the bandstand area, along with areas of newer tree planting and ornamental shrub beds.

A network of well-surfaced pathways provides access to all corners of the park, with period lamps illuminating the park in the evening. From a small hill next to the park's basketball court you can see views over Wrexham, the Parish Church and the surrounding hills. There is also a sensory garden near the park entrance, overlooked by a statue of Queen Victoria.

Bellevue Park was first given Green Flag Award accreditation in 2005 and has held it each year since then.

Greenfield Valley Museum and Heritage Park

Greenfield Valley Heritage Park is situated in Holywell, Flintshire and encompasses 70 acres of industrial history.

Historically Greenfield Valley employed hundreds of people in both its copper factories and cotton mills and is now fabulous open green space. The Valley is home to a number of scheduled ancient monuments and is a haven for wildlife. The free Visitor Centre contains information on the industry, activities and walks. Greenfield Valley is managed by Greenfield Valley Trust, a registered charity resulting from The Friends of Greenfield Valley in 1980's to learn more visit Greenfield Valley Museum & Heritage Park website.

Grosvenor Park

The award-winning Grosvenor Park located overlooking the River Dee is a popular open space for both locals and visitors and is home to the glorious Grosvenor Park Open Air Theatre each Summer.

The park, one of the finest Victorian examples, underwent a considerable renovation project in 2014 and the 5.8 hectares of landscaped parkland is now a jewel in Chester's cultural crown,

There's plenty of space to let off steam and children will love the Miniature railway and Activity Zone. Refreshments are available from the onsite Lodge Cafe.

Sandy Lane Park and Aqua Park

Sandy Lane Park is situated upon the banks of the River Dee, approximately 2.5 miles east of Chester city centre and includes Sandy Lane Aqua Park and the adjacent play area which looks across the River Dee to the Meadows. The park has beautiful views of the local area, which provides a stimulating play environment and the Aqua Park/Water Park includes a 10 feature spray facility close to a grassed picnic area. The Aqua Park and toilets are only open during the summer season (May - September), between 11am - 5pm. Please note that there may be a possibility that the Aqua Park may need to close for an hour to undertake maintenance, this is likely to be sometime between 1pm - 3pm. The adjacent play area remains open during the winter months.
